5. Attempted to meet with Representative William H. Ayles (Ohio) concerning a constituent letter inquiring about the Edmondson article on CIA. In his absence talked with his assistant, Fred Steuber, who readily understood that CIA was not in a position to comment constructively on an article of this type. He indicated he was going to prepare a letter to the constituent indicating that the constituent should understand that the Congressman would not be able to furnish detailed information on a matter of this kind.
